Stuart A. Herrington was an American intelligence advisor assigned to root out the enemy in the Hau Nghia province. His two-year mission to capture or kill Communist agents operating there was made all the more difficult by local officials who were reluctant to cooperate, villagers who were too scared to talk, and VC who would not go down without a fight. Herrington developed an unexpected but intense identification with the villagers in his jurisdiction—and learned the hard way that experiencing war was profoundly different from philosophizing about it in a seminar room.

"In these pages, Le Ly Hayslip--just twelve years old when U.S. helicopters landed in her tiny village of Ky La--shows

us the Vietnam War as she lived it. Initially pressed into service by the Vietcong, Le Ly was captured and imprisoned by government forces. She found sanctuary at last with an American contractor and ultimately fled to the United States. Almost twenty years after her escape, Le Ly found herself inexorably drawn back to the devastated country and loved ones she'd left behind, and returned to Vietnam in 1986. Scenes of this joyous reunion are interwoven with the brutal war years, creating an extraordinary portrait of the nation, then and now--and of one courageous woman who held fast to her faith in humanity"--

Vietnam itself. Vietnamese Americans, both immigrants and the American children of immigrants, have participated in changing this perception, consistently presenting their side of the story in memoirs published since the 1960s. My Viet is the first anthology to provide a comprehensive overview of these memoirs and the historical picture they offer and to include Vietnamese writing that goes beyond memoir, revealing a new generation of Vietnamese American poetry, fiction, and drama. The narratives in Part 1, Tales of Witness, treat the major events of the Vietnamese diaspora: Vietnam's resistance to French colonization, the Vietnam War, post-war Vietnamese life, immigration to and life in America, and reconnections with contemporary Vietnam. Part 2, Tales of Imagination, moves beyond the master narratives of war and immigration to

survey exciting innovations in the work of Vietnamese American writers. The texts demonstrate the full flowering of Vietnamese American literature in English and are among the best contemporary writings of any category. My Viet presents a rich, varied, and provocative collection of literary work that explores Vietnam from many Vietnamese points of view, sees America through a specifically Vietnamese American lens, and broadens the scope of Vietnamese American literature to its fullest extent.

The true story of the leaking of the Pentagon Papers, the event which inspired Steven Spielberg's feature film *The Post*. In 1971 former Cold War hard-liner Daniel Ellsberg made history by releasing the Pentagon Papers - a 7,000-page top-secret study of U.S. decision-making in Vietnam - to the *New York Times* and *Washington Post*. The document set in motion a chain of events that ended not only the Nixon presidency but the Vietnam War. In this remarkable memoir, Ellsberg describes in dramatic detail the two years he spent in Vietnam as a U.S. State Department observer, and how he came to risk his career and freedom to expose the deceptions and delusions that shaped three decades of American foreign policy. The story of one man's exploration of conscience, *Secrets* is also a portrait of America at a perilous crossroad.

"[Ellsberg's] well-told memoir sticks in the

mind and will be a powerful testament for future students of a war that the United States should never have fought." -The Washington Post "Ellsberg's deft critique of secrecy in government is an invaluable contribution to understanding one of our nation's darkest hours." -Theodore Roszak, San Francisco Chronicle

Sam Adams loved intelligence work, and that enthusiasm shines throughout this memoir of his years with the Central Intelligence Agency. His career was dominated by an epic struggle over Vietnam -- over military attempts to hide the true size of the enemy forces there, and over the integrity of the intelligence process. Adams's insistence on telling the truth caused an ungodly ruckus in both Washington and Saigon at the time, and years later, after the CIA had threatened to fire him (on thirteen occasions!) and he

had quit the agency in disgust, Adams brought his story back up to the surface more loudly than ever in a CBS television documentary which eventually resulted in a notorious trial on libel charges brought by General William Westmoreland. After leaving the CIA, Adams sat down to write an account of his life at the agency. There is nothing else quite like the story he tells. From the Trade Paperback edition.

A personal memoir of the war in Vietnam, in which the author first served as a Marine and which he later covered as a reporter.
