Slide show: 7 fingernail problems not to ignore - Mayo Clinic

For example, ice pick-like depressions in the nails (nail pitting) are common in people who have psoriasis — a condition characterized by scaly patches on the skin. Nail pitting can also be related to connective tissue disorders, such as Reiter's syndrome, and alopecia areata — an autoimmune disease that causes hair loss.

Slide show: 7 fingernail problems not to ignore - Mayo Clinic

Answer: C. Lunula. The lunula (shown), the visible region of the distal nail matrix, is most noticeable on the thumb, although the eponychium may partially or completely cover the lunula. Absence of the lunula (anolunula) of the thumb should prompt investigation for anemia or malnutrition. [1,11] However, this may also be a normal finding. Anolunula of other digits is nonspecific.

Deformed Fingernail Manual Guide - morganduke.org

About 50% of nail dystrophies are caused by a fungal infection (onychomycosis). The remainder result from various causes, including nail injuries, birth deformities of the nails, psoriasis, lichen planus, and occasionally tumors (cancerous and noncancerous). Drugs, infections, and diseases can cause discoloration of the nails (chromonychia).

Also called onychocryptosis. It often presents with pain but may progress to infection and difficulty with walking. Treatment options include cutting nails square, hot water soaks, cotton wool inserts at the nail edges, antibiotics or excision and wedge excision or total excision of nail.

Nail Disorders and Abnormalities. Medical Information ...

Nail Care. Nails should be cut straight across and filed smooth by a podiatrist. Thick and ingrown nails should be attended to by a podiatrist. Rub moisturiser into the skin around nails. Changes in nails, such as in colour, swelling, texture or signs of bleeding should be monitored. (Seniors Information Service Incorporated n.d.; Mayoclinic 2018)

Basic Foot and Nail Care | Ausmed

Nail changes are rarely the first sign of illness. Other symptoms almost always appear before that happens. For instance, emphysema causes breathing problems much earlier than it does clubbed nails.
