German Dwa Set Of Rules

The DWA Set of Rules consists of Standards and Guidelines and is prepared by more than 2400 specialists, who are engaged in the association in an honorary capacity and work in more than 340 specialist committees and working groups. The DWA Set of Rules is viewed in Germany as the general basis for planning, construction and operation of plants in water, wastewater and waste management, as well as in soil conservation.

DWA Set of Rules

The advantage of such a detailed set of rules is the increased safety for planners and operators. The worksheet specifies minimum requirements for the dimensioning of soil filters and refers to values derived from practical experience. The user must check in each case whether the boundary conditions are correct in his application.
