Love Medicine, then, is a book about the prairie that examines the wild, chaotic lives of several Indian families whose lives on the reservation have immersed them in a dark and often violent existence, one that the author seems to equate with Ahab. It is a world created by a white—shall we say malicious—intelligence, except that behind the scenes hovers an amazing human being. June Kashpah, whose life and recent death still give meaning and hope to its members.

There's lots to enjoy about Louise Edrich's Love Medicine which is variously badged as a novel and a collection of linked short stories. The insights Edrich gives us into the world and lives of native Americans from the 1930s until the late twentieth century are fascinating – as far as I know, little has been written about this from the insider perspective.
