Why Were the Teachings of the Original Christians Brutally Suppressed by the Roman Church? • Because they portray Jesus and Mary Magdalene as mythic figures based on the Pagan Godman and Goddess • Because they show that the gospel story is a spiritual allegory encapsulating a profound philosophy that leads to mythical enlightenment • Because they have the power to turn the world inside out and transform life into an exploration of consciousness Drawing on modern scholarship, the authors of the international bestseller The Jesus Mysteries decode the secret teachings of the original Christians for the first time in almost two millennia and theorize about who the original Christians really were and what they actually taught. In addition, the book explores the many myths of Jesus and the Goddess and unlocks the lost secret teachings of Christian mysticism, which promise happiness and immortality to those who attain the state of Gnosis, or enlightenment. This daring and controversial book recovers the ancient wisdom of the original Christians and demonstrates its relevance to us today.

Reveals the true role of James, the brother of Jesus, in early Christianity • Uses evidence from the canonical Gospels, apocryphal texts, and the writings of the Church Fathers to reveal the teachings of Jesus as transmitted to his chosen successor: James • Demonstrates how the core message in the teachings of Jesus is an expansion not a repudiation of the Jewish religion • Shows how James can serve as a bridge between Christianity, Judaism, and Islam James has been a subject of controversy since the founding of the Church. Evidence that Jesus had siblings contradicts Church dogma on the virgin birth, and James is also a symbol of Christian teachings that have been obscured. While Peter is traditionally thought of as the leader of the apostles and the "rock" on which Jesus built his church, Jeffrey Buttz shows that it was James who led the disciples after the crucifixion. It was James, not Peter, who guided them through the Church's first major theological crisis--Paul's interpretation of the teachings of Jesus. Using the canonical Gospels, writings of the Church Fathers, and apocryphal texts, Buttz argues that James is the most overlooked figure in the history of the Church. He shows how the core teachings of Jesus are firmly rooted in Hebraic tradition; reveals the bitter battles between James and Paul for ideological supremacy in the early Church; and explains how Paul's interpretations, which became the foundation of the Church, are in many ways its betrayal. Buttz reveals a picture of Christianity and the true meaning of Christ's message that are sometimes at odds with established Christian doctrine and concludes that James can serve as a desperately needed missing link between Christianity, Judaism, and Islam to heal the wounds of centuries of enmity.

The remarkable story of Christ and Christianity from the historical perspective that reveals Christ's teachings on enlightenment, practiced by the earliest Jewish disciples only recently revealed.

Over six thousand years ago in the regions of the third heaven, a Triune council of the Holies, the Father, Son and Holy Spirit, brought about the creation of heaven and earth and all that was created in the six days as we have record of written in the Word of God. In the likeness of the Triune God was man created, being formed from the dust of the ground. God breathed into his nostrils the breath of life and man became a living soul. God planted a garden eastward in Eden and there he put the man whom he had formed. I have not the pen or vocabulary to describe the pristine beauty that this garden entailed prior to the first footprint impressed upon this sacred garden. Then God said, "it is not good that man should be alone", and He made a help meet for him, so the first parents perfect environment of no sin, no decay; a paradise for eyes to behold. But alas, sin entered and Adam and Eve were put out of the garden and we have the fall of mankind; the fall of no hope. It had become certain that death would reign and only the Triune God had made plans for the redemption of mankind, all knowing that man would sin and fall victim to sin and that redemption plan was already decided beforehand in the regions of the third heaven long before man was created. The redemption plan was provided to come into the world as the Son of God, the hypostatic union, meaning Christ's humanity and divinity in one hypostasis, or individual existence, being born by a miraculous entry into the world. We will never understand how God and man could unite in one person. The deep things and mysteries of God are far beyond our horizon. Although He was in the likeness of men, that refers to the human nature. He was sinless and He appeared as man in looks and dress but was unlike the natural man in that sin was not an integral part in his unfallen human nature. He had to become man in order to die on the cross for you and me. But He did not diminish the Person. The two natures in Christ are not fused together, they remain distinct and different. Let me say He did not give up Deity or the use of His attributes of Deity. Read Isaiah 53:12. He poured out His soul unto death. None of Christ's divine attributes were relinquished. However, He obscured His majestic glory while embodied by the earthly body. Recorded in the four Gospels is what we have of the life of Christ on this earth. There is no complete biography that could ever be written of the life of Christ on the earth because there are so many details not given. The four Gospels give its own emphasis of how they described the works and life of Christ. The false teachings of cults and critics and evolutionary of man becoming gods is not what our Bible says; it is opposite the false teachings. The Bible says God became man, who was Jesus Christ, both man and God.
